**Report on industrial visit to Road Bridge Construction Works
near Murukkampet on Chittoor – Bengaluru Highways on 24.5.2023 A.N**

45 students of II year B. Tech II semester and III year B.Tech and Diploma students were taken on local visit to study the Ongoing **Road Bridge Construction Works near Murukkampet on Chittoor – Bengaluru Highway, Chittoor.**

Dr.P.Oliver jayaprakash, professor, and Mr.Anilkumar reddy, AP, CE were explaining the components and scope of elements of Bridge engineering to the students. Around 45 III year & II year B.Tech Students were participated and benefited from this Industrial Visit. Site Engineer Er.Jayarami Reddy took students in two teams and explained the stages of Culvert and Road bridge work executed.

An online (Google Meet Platform) webinar was jointly organized by the CEDA and SIE Club of SVCET(A) on 26.05.2023, A.N.2.30 PM. The meeting was started formally by Dr.B.Damodhara reddy, HOD, CE, by introducing the Guest Speaker, Dr.Rajesh jesudoss hynes, Senior Associate Professor and Secretary, Mepco Incubation Centre, Sivakasi, Tamilnadu.

Dr.Rajesh jesudoss hynes narrated the need for involvement of B.Tech students in solving the pain points of the society through innovations. Further, He guided the students to patent their ideas highlighting the Indian case studies on Innovative ideas that were converted into Startups. Further, he narrated the steps involved in initiation of startups, pitching the innovative ideas, and need and importance of incubation of startups.

The lecture was followed by the interactive session, where the speaker responded to various queries raised by the III Year B.Tech students on Startups and setting up a company, etc. The programme was attended by 45 students of III year B.Tech Civil Engineering. The meeting was closed with the vote of thanks by Dr.P.Oliver jayaprakash, Professor,Civil Engineering.

Civil Engineering Department Association (CEDA)

An Alumni Meeting (Online on Google Meet Platform) was organized by the Department of Civil Engineering on 20.05.2023, A.N. The meeting was started formally by Dr.B.Damodhara reddy, HOD, CE narrating the importance and scope of the meeting. It was followed by the Address by Dr.P.Oliver jayaprakash, highlighting the possible strategies for developing the civil engineering department as a SVCET family.

It was followed by the address by Mr.Rajasekhar, Associate Professor,CE and Mr.Anilkumar reddy, Assistant Professor,CE inviting the alumni members to speak experiences and scope for developing the tie between the Senior alumni members and junior members currently pursuing the degree course.

Mr.Yaswardhanreddy suggested to cover more advanced software training program to help the students to get job opportunities.

Mr.Chandrasekarreddy, requested for career guidance program even after completing the degree course. Need for a tie up with Institute.

SRI VENKATESWARA COLLEGE OF ENGINEERING & TECHNOLOGY
(Autonomous), Chittoor
Civil Engineering Department Association (CEDA)

Ms.Malleswarei suggested the following points.

1. There must be teaching on how to dress, how to present ideas, seminars, etc.
2. Students should be empowered about the need and purpose of things they are doing, by motivating them to take seminar, participate in intercollegiate level events, will help.
3. The student should be taught in such a way that, he should help 10 students after completing his degree from SVCET.
4. Focus should be on personality development, communication skills,etc.

Mr. Yeddulya Shiva and Ms.Monica sree suggested to add more volumes in library related to civil engineering and focus should be on increasing internship and placement.

Further, Mr.Rajasekhar, AssociateProfessor, CE replied to the feedbacks given and promised to held a offline (Direct) Alumni meet in the Campus in the near future. The meeting was closed with the vote of thanks by Mr.Anilkumar reddy, AP,CE.
